Looking after our church building.

As we get towards winter and darker nights please could we ask all users of the building to please check

before locking up that the following are carried out:

- All hard floors are swept and carpet areas vacuumed that you have used.
- All fire doors (including serving hatches) are closed.
- All radiators are turned down to 2.
- All lights are turned off (don't forget the toilets).

Your help would be appreciated to keep the building safe and ready for the next user and to minimise energy costs.

Thank you. The Fabric Committee.
