# Introduction

## Safeguarding is taken seriously by

### Thomas Risley Church

We acknowledge children's and adults right to protection from abuse, regardless of gender, ethnicity, disability, sexuality or beliefs. We consider that the welfare of children is paramount. We will follow legislation, statutory guidance and recognised good practice in order to protect vulnerable people in our church.

We will seek to establish a caring environment in which there is an informed vigilance about the dangers of abuse.

We will implement, maintain and regularly review the procedures outlined in this policy, which are designed to prevent and to be alert to abuse.

We will appoint a Safeguarding Officer and Safeguarding Coordinators, who will have specific responsibilities for safeguarding, although we recognise that safeguarding is a whole church responsibility. The Safeguarding Coordinators are the persons to whom all concerns or allegations should be addressed. Their contact details can be found in Key Contacts, P7.

We will organise activities in such a way as to promote a safe environment and minimise the risk of harm to children and adults.

We will follow a safe recruitment process for the selection and appointment of people to work

with children or adults at risk, whether voluntary or paid, lay or ordained.

We are committed to providing support, supervision, resources and training to those who work with children and adults.

We will use rigorous and careful supervision to protect people from the risks associated with known offenders within the congregation, including implementing contracts with known offenders and those who have been assessed as posing a risk.

We believe that abuse in all its forms is unacceptable and inconsistent with a Christian way of living and recognise that it can affect both adults and children.

All concerns and allegations of abuse will be responded to appropriately, including referring to the statutory authorities if necessary.

We will co-operate with the statutory authorities in any investigation, will follow multi-agency decisions and will maintain confidentiality of any investigations to those directly involved.

Our *Safeguarding Policy Statement* is attached as Appendix 1.

## Aim and purpose of this policy

The aim of this policy is to provide procedures for promoting safeguarding, preventing abuse and protecting children, adults at risk and staff. This includes clear procedures for taking appropriate action when safeguarding concerns are raised involving children and adults within our church, or those who attend our activities and events.

## Who this policy applies to

This policy is approved and endorsed by the Elders *on behalf of the church meeting* and applies to:

- all those who attend our church
- our trustees and staff (both paid and voluntary)
- organisations who hire our building with the agreement to operate under the church safeguarding policy

The policy and procedures should be interpreted in the light of the most recent URC good practice guidance. Children and parents/carers will be informed of this policy and our procedures.

The term 'children' refers to those under the age of 18 years.

N.B. Individuals / Groups who hire the church building by private arrangement on an ad hoc basis are not covered by this policy.

## Duty of care and confidentiality

We have a duty of care to all beneficiaries of the church, whether adults or children. We will maintain confidentiality at all times, except in circumstances where to do so would place the individual or another individual at risk of harm.

We will adhere to the 2018 General Data Protection Regulations (GDPR) and Data Protection Act (DPA 18) guidelines in our collection, recording, handling and storage of confidential information; except in circumstances where to do so would place the individual or another individual at risk of harm.

## Preventing abuse

The church will appoint or identify a Safeguarding Officer and Safeguarding Coordinators for safeguarding children and adults. A description outlining who holds responsibility for managing safeguarding within the church is attached as Appendix 2.

Activities will be organised in accordance with URC good practice guidelines so as to promote a safe environment and healthy relationships, whilst minimising opportunities for harm, misunderstanding or false accusation. For each event, risk assessments (see Good Practice 4) will be carried out, appropriate consent forms will be used (for children's activities), appropriate records will be kept and adequate insurance will be in place.

We are committed to safe recruitment and selection of all paid staff and volunteers and will ensure that these procedures are followed, which include:

- asking new applicants to complete an application form
- providing all workers with job descriptions, person specifications and a code of conduct
- obtaining Disclosure and Barring Service (DBS) checks wherever legally entitled to do so
- taking up two references (not from family members)
- interviewing candidates

Safeguarding training will be provided and volunteers and paid staff will be given support and supervision in their role.

All trustees, paid staff and volunteers will work within a code of conduct (code for workers, attached as Appendix 3) and understand that there may be action taken if this code is not followed, possibly involving suspension or termination of working with us.

If we become aware of someone within our congregation known to have harmed children or adults in the past, we will inform the Synod Safeguarding Officer and co-operate with them and the relevant statutory authorities (including DBS) to put in place a plan to minimise the risk of harm to children and adults.

## Organisations

Organisations wishing to hire our building for regular weekly activities with children or adults must confirm in writing that they will follow the principles of this safeguarding policy as a condition of the letting agreement. If they have their own safeguarding policy, they will be asked to provide a copy and this should be acknowledged by the church Safeguarding Coordinator(s) and Elders. If they do not have their own safeguarding policy, the church will encourage them to adopt one before agreeing to the hire, or may agree that they can follow the church safeguarding policy and procedures.

## What are we protecting people from?

The definitions of abuse differ between children and adults. The definitions relating to children is attached to this policy at Appendix 4. The definitions of abuse in relation to adults is attached as Appendix 5

## How to recognise abuse

It is important to be aware of the possible signs and symptoms of abuse. Please see Appendix 6 for those relating to children and Appendix 7 for those relating to adults at risk. Some signs could be indicators of a number of different categories of abuse.

It is essential to note that these are **only indicators of possible abuse**. There may be other, innocent, reasons for these signs and/or behaviour. They will, however, be a guide to assist in

assessing whether abuse of one form or another is a possible explanation for a child or adult's behaviour.

## What to do if there is a disclosure or allegation of abuse

If a child, young person or adult makes a disclosure that they are being abused and / or an allegation of abuse against someone, it is important that the person being told:

- stays calm and listens carefully
- reassures them that they have done the right thing in telling
- does not investigate or ask leading questions
- explains that they will need to tell someone else if anyone is at risk of harm, in order to help them
- does not promise to keep secret what they have been told
- informs the church Safeguarding Coordinator as soon as possible (if they are implicated in the allegation, informs the Deputy or the Synod Safeguarding Officer)
- makes a written record of the allegation, disclosure or incident and signs and dates this record (using the template in Appendix 8). This should be given to the church Safeguarding Coordinator and stored securely in a locked filing cabinet.

## Procedure in the event of a concern of abuse

If there is an immediate threat of harm, the Police should be contacted without delay.

Where it is judged that there is no immediate threat of harm, the following will occur:

- The concern should be passed to the church Safeguarding Coordinator who will discuss it with the Synod safeguarding officer and a decision made as to whether the concern warrants a referral to the statutory authorities (see Key Contacts, P7 for the relevant statutory contacts)
- A confidential record will be made of the conversation and the circumstances surrounding it using the template at Appendix 8. This record will be kept securely and a copy passed to statutory authorities if a referral is made.
- The person about whom the allegation is made must not be informed by anyone in the church if it is judged that to do so could place a child or adult at increased risk. If the statutory authorities are involved, the person does not have to be consulted beforehand.
- The Synod Safeguarding Officer should be kept informed of any serious concerns.

## If someone in the church is alleged or known to have harmed children or adults

We will inform the Church Safeguarding Officer who will inform and liaise with Synod Safeguarding Officer so that they can offer advice and support, and we will contact the relevant statutory authority.

## If the allegation concerns a church staff member or volunteer

For any concerns relating to children, the Local Authority Designated Officer (LADO) will be contacted, (the Church and Synod Safeguarding officers should discuss and identify who would be the best person to undertake this on a case by case basis). The timing and method of any action to be taken will be discussed and agreed with the LADO. This will cover communication with the worker, suspension, investigation and possible strategy meetings. A decision will be taken by the LADO about when to inform the worker and the church will follow this advice. For LADO contact details, see Key Contacts, P8.

For concerns relating to adults, Adult Social Care will be contacted. See Key Contacts, P8 for details.

In accordance with the law, a referral will be made to the Disclosure and Barring Service (DBS) if the church withdraws permission for an individual to engage in work with children / adults at risk OR would have done so had that individual not resigned, retired, been made redundant or been transferred to a different position because the employer believes that the individual has engaged in relevant conduct, satisfied the harm test, or committed an offence that would lead to automatic inclusion on a barred list.

In such cases, a report will also be made to the Charity Commission, as they deem such a referral to be a 'serious incident' and therefore require notification.

Code of Conduct for working with children  
or young people

We should all be aware that behaviour in a worker's personal life (including online) may impact upon their work with children or young people. Therefore, all workers should agree not to behave in a manner which would lead any reasonable person to question their suitability to work with children or act as a role model within the United Reformed Church.

**All workers should agree to the following code of conduct when working with children and young people:**

- Do treat all people with dignity and respect
- Don't abuse the power and responsibility of your role. Don't belittle, scapegoat, put down, or  
ridicule a child or young person (even in 'fun') and don't use language or behaviour with sexual connotations (e.g. flirting or innuendo)
- Do act inclusively, seeking to make everyone feel welcome and valued
- Don't exclude other children or workers from conversations and activities unless there is a good reason
- Do treat people with equal care and concern
- Don't show favouritism (e.g. in selection for activities, in giving rewards, etc) or encourage excessive attention from a particular child (e.g. gifts)
- Do encourage everyone to follow any behaviour agreement or ground rules and apply sanctions consistently
- Don't threaten or use sanctions which have not been agreed, or make empty threats
- Do refer to a more senior worker/parent if a child does not respond to your instructions despite encouragement and warning of possible consequences
- Don't feel you have to deal with every problem on your own
- Do seek to diffuse aggressive or threatening behaviour without the use of physical contact
- Don't use physical restraint except as a last resort to prevent injury. This should use minimum force
- Do relate to children in public. If a child wants to talk one-to-one about an issue, tell another worker and find somewhere quieter, but still public, to talk
- Don't spend time alone with children out of sight of other people
- Do make sure that any electronic communication is done with parental consent and is transparent, accountable, recorded and adheres to safeguarding policies
- Don't keep communication with children secret, while still respecting appropriate confidences
- Do have a designated photographer to take, store and share photos of your group's activities, in line with URC good practice guidelines

- Don't take photos or videos without consent, store them in a safe place designated by the church
  - and only use them in the ways agreed, in line with URC good practice guidelines
- Do use physical contact wisely; it should be:
  - in public
  - appropriate to the situation and to the age, gender and culture of the child
  - in response to the needs of the child, not the adult
  - respectful of the child's privacy, feelings and dignity
  - Don't use physical contact which could be misconstrued as aggressive (e.g. rough games) or sexual
- Do respect children's privacy
- Don't assume that children should tell you anything you ask just because you are a worker
- Do respect the right of children to wash, change and use the toilet in private
- Don't walk in unnecessarily or unannounced
- Do listen to children and tell the church Safeguarding Officer if you have any concerns about a
  - child's welfare

## Appendix 4

### What is abuse and neglect of children?

The below definitions are taken from *Working Together to Safeguard Children 2013* and apply to England. Please note that there are national variations for Scotland (*National Guidance for Child Protection in Scotland 2010*) and Wales (*All Wales Child Protection Procedures 2008*).

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger, for example, via the internet. They may be abused by an adult or adults, or another child or children.

#### Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

#### Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child

opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.

Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

## Sexual abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

## Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

## Appendix 5

### Who is an adult at risk

**An Adult at Risk is an adult who:**

has needs for care and support (whether or not the local authority is meeting any of those needs) and;

is experiencing, or at risk of, abuse or neglect; and, as a result of those care and support needs, is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

Just because an individual is older or has a disability or illness, it does not mean that they are inevitably at risk. The level of risk is related to how able they are to protect themselves from abuse, neglect and exploitation and make their own choices free from duress, pressure or undue influence.

## What is abuse of adults at risk?

Abuse is a violation of an individual's human and civil rights by any other person or persons. Abuse may consist of a single act or repeated acts. It may be physical, verbal or psychological, it may be an act of neglect or an omission to act, or it may occur when a vulnerable person is persuaded to enter into a financial or sexual transaction to which he or she has not consented, or cannot consent. Abuse can occur in any relationship and may result in significant harm to, or exploitation of, the person subjected to it.

### Physical abuse

This is the infliction of pain or physical injury, which is either caused deliberately, or through lack of care.

### Psychological or emotional abuse

These are acts or behaviour, which cause mental distress or anguish or negates the wishes of the adult at risk. It is also behaviour that has a harmful effect on the adult at risk's emotional health and development or any other form of mental cruelty.

### Sexual abuse

This is the involvement in sexual activities to which the person has not consented or does not truly comprehend and so cannot give informed consent, or where the other party is in a position of trust, power or authority and uses this to override or overcome lack of consent.

### Neglect, or Act of Omission

This is the repeated deprivation of assistance that the adult at risk needs for important activities of daily living, including the failure to intervene in behaviour which is dangerous to the adult at risk or to others. A vulnerable person may be suffering from neglect when their general well being or development is impaired.

### Financial or material abuse

This is the inappropriate use, misappropriation, embezzlement or theft of money, property or possessions.

## Discriminatory abuse

This is the inappropriate treatment of an adult at risk because of their age, gender, race, religion, cultural background, sexuality, disability, etc. Discriminatory abuse exists when values, beliefs or culture result in a misuse of power that denies opportunity to some groups or individuals. Discriminatory abuse links to all other forms of abuse.

## Institutional abuse

This is the mistreatment or abuse of an adult at risk by a regime or individuals within an institution (e.g. hospital or care home) or in the community. It can be through repeated acts of poor or inadequate care and neglect or poor professional practice.

# Appendix 6

## Signs of possible abuse in children

### • Physical abuse

Physical signs include:

- Unexplained injuries
- Injuries that are inconsistent with the explanation
- Injuries that reflect an article being used e.g. an iron
- Bruising, especially the trunk, upper arm, shoulders, neck or finger tip bruising
- Burns/scalds, especially from a cigarette
- Human bite marks
- Fractures, especially spiral
- Swelling and lack of normal use of limbs
- Serious injury with lack of / inconsistent explanation
- Untreated injuries

### Psychological/emotional signs include:

- Unusually fearful with adults
- Unnaturally compliant to parents
- Refusal to discuss injuries/fear of medical help
- Withdrawal from physical contact
- Aggression towards others
- Wears cover up clothing

### Fictitious illness by proxy

- This is a psychiatric illness, whereby a parent or carer deliberately inflicts harm onto a child, normally the child's mother. The child has commonly had genuine serious illness in the first year of life and a dependency on medical attention has developed in the mother. It is very difficult to diagnose/evidence.

### Female Genital Mutilation

- A cultural (not religious) procedure whereby parts of female genitalia are removed - also referred to as female circumcision. This is normally undertaken on pre pubescent girls, who are either taken abroad for procedure or "practitioners" come to the UK. There can be no anaesthetic and no sterile equipment used. ### Female Genital Mutilation (FGM) - Further information

Female Genital Mutilation is not a religious requirement or obligation. FGM, including a symbolic prick to the clitoris, has no link with Islam and is neither a requirement nor a 'Sunna' in Islam. Globally most Muslims do not practice FGM. FGM is not condoned by Christian or Jewish teachings, or bible or Torah (World Health Organisation 2006).

Under the female Genital Mutilation Act 2003 it is an offence in England, Wales and Northern Ireland for anyone (regardless of their nationality and residence status) to: perform FGM in the UK; assist the carrying out of FGM in the UK; assist a girl to carry out FGM on herself in the UK; and assist from the UK a non-UK person to carry out FGM outside the UK on a UK national or permit UK resident. (In England, Wales and Northern Ireland the practice is illegal under Female Genital Mutilation Act 2003. In Scotland it is illegal under the prohibition of Female Genital Mutilation (Scotland) Act 2005.)

It is also an offence for UK nationals or permanent UK residents to; perform FGM on any person overseas; assist FGM carried out abroad by UK national or permanent UK resident – this would cover taking a girl abroad to be subjected to FGM; assist a girl to perform FGM on herself outside the UK; and assist FGM carried out abroad by a non UK person on a girl/woman who is a UK national or permanent UK resident – this would cover taking a girl abroad to be subjected to FGM; even in countries where the practice is not a criminal offence. Any person found guilty of an offence under the Female Genital Mutilation Act 2003 will be liable to a maximum penalty of 14 years imprisonment or a fine or both.

Suspicious may arise in a number of ways that a child is being prepared for FGM to take place abroad. The child may talk about a special procedure/ceremony that is going to take place. Indicators that FGM may have already occurred including prolonged absences, noticeable behaviour change and possible bladder problems. They may complain about a pain between their legs or look uncomfortable when sitting.

**What to do when you are concerned that a child may be at risk or has undergone, FGM:**

Girls are at most risk from FGM during long summer holidays. Children's workers should ensure that if they have a concern around a girl's potential subjection to FGM they should immediately inform the lead safeguarding person. If the lead safeguarding person suspects the girl is at risk of FGM or has undergone FGM, both the police and social care will be informed.
